"EXAMINER: Initial if references considered, whether or not citation is in conformance with MPEP 609. Draw line through citation if not in conformance and end not considered. Include copy of this form with next communication to applicant." Applicant's unique citation designation number (optional). "See Kind Codes of USPTO Patent Documents at www.uspto.gov or MPEP 901.04
"Enter Office that issued the document, by the two-letter code (WPO/MPEP Standard 3.1). "For Japanese patent documents, the indication of the year of the reign of the Emperor must precede the serial number of the patent document. "Kind of document by the appropriate symbols as indicated on the document under WIPO Standard ST.16 or equivalent.
"Applicant is to place a check mark here if English language Translation is attached. This collection of information is required by 37 CFR 1.16(b). This collection is estimated to take 2 hours to complete. The public which is to file this form is the individual or entity filing or submitting the completed application form to the U.S. Patent and Trademark Office. It will be determined by the individual or entity who files this form.
